

# Help with your bill if you have a water meter

WaterSure application pack 2021/2022

Water for the North West

# Oh no, not another bill...

**It's the sound that everyone hates - a bill landing on the doormat.**

No one likes paying them. But when money is tight, bills can go from being an everyday nuisance to a cause of sleepless nights and stress.

That's when WaterSure might be able to help. It's a scheme for customers with water meters\* who need to use lots of water, but might struggle to afford it.

We can't make your bill vanish, but we can put a cap on how much you are charged. So, no matter how high the numbers climb on your meter, you'll only have to pay, at most, an amount equal to our average bill.

## How it works

It's pretty simple really.

If you have a water meter\*, receive benefits and have a good reason for using lots of water – such as a big family or a medical condition - you may well qualify.

Please fill out the form enclosed with this leaflet and post it back to us, along with copies of the supporting documents indicated on the form.

If you fit the bill, so to speak, we'll cap your charges at £425.06 per year. This means that, even if you use lots of water, your bill won't go above this amount each year.

\*or you pay an assessed charge because you have applied for a water meter and we were unable to fit one at your property.

Well, it's  
one less  
thing to  
worry  
about.

## Wait a mo... did you know?

**The scheme provides  
peace of mind by capping  
your bills.**

Even if you use lots of  
water, your charges won't  
be more than the average  
bill amount.

**To qualify, you must  
meet certain criteria –  
described in this leaflet  
and in the enclosed  
application form. Keep  
reading!**

If you're already behind  
with your water bill  
payments, we have  
support schemes to help  
you out of debt. Visit  
[unitedutilities.com/  
difficulty-paying-bill](http://unitedutilities.com/difficulty-paying-bill) for  
full details.

# Do you fit the bill?

**To qualify for WaterSure, your current charges will need to be based on a water meter (or an assessed charge because we couldn't fit a meter).**

You must also receive certain benefits or tax credits. You'll find a full list of the benefits that count in the enclosed information at the back of this booklet.

Find out which benefits you may be entitled to by visiting [www.turn2us.org.uk](http://www.turn2us.org.uk) and completing their benefits calculator.

But that's not the end of the story. You must also have a reason for using all the extra water that has turned your bill into a bit of a monster. The two reasons covered by the scheme are:

- **You have three or more children under the age of 19 living at the same address for whom Child Benefit is claimed.**

OR

- **You, or someone you live with, has a medical condition which requires the use of lots of water. You'll find a full list of these medical conditions in the enclosed application form.**

**And that's it.**  
If that sounds like your household, it's time to get filling in that form!

# It's as easy as 1, 2, 3!

To qualify for WaterSure, you must be able to answer 'yes' to all three of the following questions:

1. Do you have a water meter or pay an assessed charge?
2. Do you receive any one of the listed benefits or tax credits shown in the enclosed information?
3. Do you have to use lots of water because either three or more children under 19 (for whom Child Benefit is claimed) live at your house or because of a medical condition of someone who lives there?

**Did you answer yes, yes and yes?**  
Then you could well qualify!

## Life with WaterSure

We'll reply to you within 10 working days of receiving your application to let you know if you qualify for the scheme.

If you do qualify we'll apply the new tariff from the day after the date of your last meter reading. Unfortunately, this doesn't mean we can wipe the old slate clean. You'll still have to pay any money you owe from previous bills - but at least the future will look a bit rosier.

You can stay on the WaterSure scheme for as long as you need help and continue to qualify. We may also contact you occasionally to check if you are still eligible for the scheme.

If your circumstances change, so that you no longer qualify for the scheme, please let us know straight away. We'll put you back to the way we used to bill you for your services.

### A NOTE ABOUT ASSESSED CHARGES

If we've tried, and failed, to fit a water meter at your home, your water bill may be based on an assessed charge.

If you pay an assessed charge, the good news is you are eligible for our WaterSure scheme too. Simply complete the enclosed form and return this to us.

## Wait a mo... did you know?

You can continue to pay your WaterSure bill in the way that suits you best, including Direct Debit, standing order, at your bank, by post or online.

Visit [unitedutilities.com/my-bill](http://unitedutilities.com/my-bill) for full details about ways to pay.

If using the internet makes your life easier, register for My Account via our website [unitedutilities.com/myaccount](http://unitedutilities.com/myaccount), you can then access your water account 24 hours a day.

# Going with the flow

Once you're on the WaterSure scheme, we'll keep reading your meter.

Each year we will look at what you would have paid if your water bill had been calculated on the amount of water actually used. If this shows that your WaterSure charges are higher than you would have paid based on your meter readings, then we will credit your account once a year with the difference.

After all, we're trying to reduce your bill, not make life more expensive.

## What to do now

- Please read the enclosed information carefully to ensure you are eligible for the WaterSure scheme.
- Complete the application form and return it to us with the supporting information we ask for. The notes sections on the form explain the evidence you need to return to us.

# Are you eligible?

This flow chart should help you to decide if you are eligible for the WaterSure Scheme

**Please note: you do NOT qualify for WaterSure if:**

- You do not receive one of the benefits shown above
- Your bill is not based on a water meter reading (unless we were unable to fit a meter at your property and you have chosen to pay an assessed charge)
- You water your garden with a non-handheld appliance such as a sprinkler or domestic irrigation system
- Your household has an auto-filling swimming pool, pond or other similar piece of equipment which holds over 10,000 litres of water

# How to apply for WaterSure

The WaterSure scheme can help you if you have a low-income and your water is supplied by a water meter. We can help by putting a limit on your charges for water and sewerage services, as long as you meet the following conditions:

- 1 Your supply is metered (or you are paying an assessed charge as we were unable to fit a meter at your property).
- 2 The person who pays the water bill, or someone else in your household, receives **benefit** (the list of qualifying benefits are shown on the reverse of this sheet) or **tax credit**; and in addition,
- 3 There are either:
  - a) **three or more children** under the age of 19 living in the household for whom the person receiving the above benefit also claims Child Benefit; or
  - b) you, or someone living in your household has a **medical condition** that means they use a lot of extra water.

This year (1st April 2021 to 31st March 2022), the reduced charges for the WaterSure scheme are:

	Water	Sewerage	Total
Capped charge p.a.	£202.84	£222.22	£425.06

If your current charges are more than this, you may be entitled to pay the reduced charge. Each year we will look at what you would have paid if your water bill had been calculated on the amount of water actually used. If this shows that your WaterSure charges are higher than you would have paid based on your meter readings, then we will credit your account once a year with the difference.

Please note: if you are not connected to the public sewer system for surface water drainage, we will reduce your sewerage charge to £152.58.

## How to apply

- 1 Fill in the application form and return it to us with the necessary supporting evidence.  
If you need help with the form, please phone us.
- 2 The person named on the water bill should sign the form as well as the person who receives benefit or who has a medical condition (if they are not the person named on the water bill).
- 3 We'll reply to you within 10 working days of receipt of your application to let you know if you've met our criteria. We will contact you if we need any more information.
- 4 If your application is not successful we will tell you why.
- 5 If your application is successful, we will apply the WaterSure tariff to your next bill.

We're happy to provide this information in large print or different formats.

## Support when you need it most

We can all benefit from a bit of extra help at some stage in our lives. This could be due to age, ill health, disability, mental health problems, financial worries or language barriers.

Registering for Priority Services is free and means you will benefit from additional services to support your particular needs:

- Braille, large print, 'talking' bills and leaflets
- Nominate a carer, family member or friend to speak to us on your behalf
- Knock and wait service to give you extra time to answer the door if you have mobility needs and we need to visit
- Protection from bogus callers with a password protection scheme
- Support for dialysis patients
- Notice of interruptions to your water supply

You can register at [unitedutilities.com/priorityservices](https://unitedutilities.com/priorityservices) or call our team on **0345 072 6093**.

## Struggling to pay your bill?

If you are having difficulty paying, please call us as soon as possible on **0800 072 6765**.

If you're on Income Support we may be able to arrange for you to pay your bill direct from your benefit payments.

### Declaration

The information I have given is correct to the best of my knowledge and I understand that if I provide any information which is false, you may refuse my application.

If my circumstances change, and it may affect my application, I will tell you straight away.

I give permission to the authority that provides my benefit or tax credit to give you any further information to support my application.

If I have made a claim because of a medical condition, I give the medical professional who knows about that condition permission to give you information about the condition, and why I need to use more water, to confirm the information I have provided.

If I pay my sewerage charges to a different company, I give you permission to pass on the details I have provided so that you can also consider my sewerage charges under the WaterSure scheme.

**WARNING** If you deliberately give us misleading information you are committing a criminal offence and could be prosecuted.

I confirm the following:

- A member of my household meets the conditions for help under the WaterSure scheme.
- I only use a hand-held appliance such as a watering can to water my garden.
- My household does not have an auto-filling swimming pool, pond or other similar piece of equipment which holds over 10,000 litres of water.
- I do not receive any help towards the cost of water from the health authority.
